CALL FOR PAPERS

The International Journal of Smart Device and Appliance (IJSDA) provides a chance for academic and industry professionals to discuss recent progress in the area of smart device and appliance technology.

To bridge the gap of users who do not have access to major databases where one should pay for every downloaded article; this online publication platform is open to all readers as part of our commitment to global scientific society.

TOPICS

- Hardware Technology for Smart Device
- Software Technology for Smart Device
- Firmware Technology for Smart Device
- Networking Technology for Smart Device
- Chip Design Technology for Smart Device
- Application Development for Smart Device
- Security and Privacy Protections for Smart Device
- Ubiquitous Environment Implementation using Smart Devices
- etc.
